We are so pleased to participate in CCID's 2022 Annual Conference! Michigan Language Assessment has a long history supporting international student mobility - starting with our founding in 1941 and first international English language assessment developed in 1953. We continue this tradition with our current suite of exams and the worldwide administration of MET Digital, which launched in October.

I look forward to meeting you, learning more about your programs and how we could support your efforts. Be sure to stop by our exhibit, or chat with me at one of the breaks.

Best regards,

Julie Monteiro de Castro
